Question 3

New Boy at School

When I asked Alan who he thought was the main character in the story, he said 'Fred'. When asked how he knew he said 'because he was the first person they mention in the story at the beginning'. I asked if there were any other ways he knew and Alan said 'they tell us a lot about him and he is in a lot of pictures.'

We talked about what 'Fred' was like, his appearance and his personality. Alan thought he would be a good friend to have because he was 'kind and played good games'.

Alan drew this picture of Fred
